Investors should be aware that performance returns are affected by market fluctuations. Investing entails risks, including possible loss of principal. Past performance is no guarantee of future performance. Investors should note that the use of derivatives and investments involving a currency other than their own will create foreign exchange exposure, which involves special risks. It is the aim of the HSBC Corporate Money Funds to preserve capital and, where applicable, to maintain a stable net asset value per share; these aims are not guaranteed. Additionally, investors should consider their investment objectives, whether or not they can assume these risks and should undertake their own appropriate professional advice.
